

## INCREASE FOR NO. STONINGTON TEACHERS

An increase of 13.6 per cent. will be given the teachers for the year ending July 14, 1920, says the annual report of the school committee of the town of North Stonington. The report which has just become available for publication follows:

The school year began with ten schools and about January first upon petition from the Laurel Glen district, those attending the Clark's Falls school from that district were transferred to Laurel Glen, making eleven schools for the year and we have at present, by the reopening of No. 9, schools accessible to all the children of the town. The only school to be closed the present year is No. 1, where there are but two children of school age under the eighth grade. They will be taken to No. 2.

We are glad to note an increase in the average attendance; also an increase in the number of children attending the public schools and we hope this may be increased further the present year. There has been need for much improvement in the school buildings. Some of this work has been done the past year. With a five-year programme adopted by the committee at the suggestion of the state supervisor, at the end of the five year period the town school property should be in a first-class condition.

An increase of 13.6 per cent. will be given the teachers for the year ending July 14, 1920.

The report of Supervisor O. E. Lowell covers the facts relative to the schools that have come to him.

### LEBANON MAN ON LEGISLATORS' DEPUTATION

The deputation of legislators who waited upon the governor at the state capitol Monday morning to present to him the petition requesting that a special session of the legislature be called to consider ratification of the federal suffrage amendment, included Senators William C. Fox, New London, and William H. Heald, Stafford Springs, and Representatives Michael O'Halloran, Stafford Springs, Carl F. Bishop of Lebanon.

The republican deputation, which followed immediately after the legislators' deputation included Theodore Bodenwein, New London; Richard Valentine, Stafford Springs; C. F. Beckwith, Stafford Springs; John Byrne, Putnam.

The petition which was presented read: "Whereas, in many of the states where the legislatures are not regularly meeting this year, special sessions are being called to consider the federal suffrage amendment; and Whereas, Connecticut has always held an honorable place in the front rank of every movement for the benefit of the citizens of our great republic;

Therefore, We, the undersigned members of the legislature of the state of Connecticut, most respectfully do petition Marcus H. Holcomb, governor of the state of Connecticut, to call us in special session for the purpose of ratifying the federal suffrage amendment."

## Say! When Do We Eat?

You'll Find the Fellows Who Have Learned to Use Stuart's Dyspepsia Tablets Right on the Job for Work, Play or Food.

Dyspepsia or indigestion may follow a glass of milk as easily as a

"Since You've Been Using Stuart's Dyspepsia Tablets You Eat Just Like a Doughboy."

plate of bacon and eggs. Today you may eat heartily and feel fine. Tomorrow you may bolt a glass of milk and two crackers and get a stomach full of gas, sour risings, biliousness, a feeling of bloated heaviness and other distress. Indigestion is a fault from infancy to old age, no matter what you eat, so the thing to consider is how you may eat freely, get away with it fine and not suffer any of those distresses of indigestion. Stuart's Dyspepsia Tablets have solved this problem for a host of people.

In fact, they are so well known that many physicians prescribe them for indigestion, dyspepsia and other digestive disorders. They contain ingredients which act with an alkaline effect, just as the stomach does in perfect health. Thus you may eat those foods you may have denied yourself, for fear of distress. Get a 50-cent box of Stuart's Dyspepsia Tablets at any drug store, and there will be no thought of trouble after eating. Try this harmless plan of enjoying life.

through his experience as supervising agent in that town.

In the report the registration and attendance is given as follows:

Total registration for the town	1917-18	1918-19
Total number of town children attending public school in June 1918	141	150
North Stonington children at Lantern Hill	9	10
Voluntown children at Pendleton Hill	10	11
North Stonington pupils in Kimball school, Preston	1	1

Transferred from one school in town to another school in town

Number who have left school during the year

Average attendance in town schools

Average attendance of North Stonington at Pendleton Hill

Average attendance as sent to the state

Regarding the wage paid teachers in North Stonington Mr. Lowell says:

The teachers' wage in North Stonington is the lowest of any town in Connecticut. This does not attract the best teachers who have already left because of this fact.

Recent state legislation has been so enacted that it enables the town to raise the salaries from twenty to forty per cent. without a burdensome increase in local taxes. Towns that do not accept this assistance are doing an injustice to their schools and the teachers.

Several children left our sixth grade this year to enter the Wheeler school.

### HAT PRICES ADVANCED, BUT QUALITY EXQUISITE

Rain and gloom spoil the days for business, but those shoppers who, undismayed by unfavorable weather, make the round of the stores, are finding many choice articles of apparel which will enable them to qualify as smart townsmen when finally the sun shall shine.

Whatever the weather, it is the part of wisdom to have a seasonable hat ready for any social emergency.

Among the many handsome trimmed models seen Tuesday was a small shape in taupe haters' plush, with effective embroidered edge in pastel tones, and for trimming graceful, pleasant tails, which are in prime favor this fall.

Wings of one of the gay tints of the autumn greatly liked. Employed on a large black velvet hat displayed, it was effective in a feather bow upon the crown wide brim. A spider bow of black satin ribbon gave the completing touch of style.

Embroidery holds its own as a medium for elegant hats. It was seen Tuesday in a large design, a combination of taupe silk and white duffinette, the latter material forming the wide brim, was embroidered in silk in lower effect. A burnt ostrich fancy was the trimming. This smart hat was priced \$15.

A rolling sailor in sapphire velvet was trimmed with matching detachable plumes, and a novelty butterfly facing. This was priced \$22.50.

Gravely velvet formed a turban, its crown of embroidered velvet, its trim trimming blue ostrich feathers. The mark on this was \$18.50.

While trimmings prices have advanced, together with the cost of the apparel, nevertheless the quality of these hats is of the best, and as suits and coats are generally severe in cut, a dressy hat is imperative this season.

Of course, too there are scores of lower priced designs offered, so that every purse can be suited.

Anytime, however, the distinctive fashion getting an idea as to the fashionable shapes, trimmings and finish.

Those dealers who have the very latest in merchandise can be learned by a study of what The Bulletin advertisers say this morning.

### THRIFT WILL HELP LOWER THE H. C. L.

That thrift, calculated to bring down the high cost of living is a boon for all lines of business is the substance of a statement issued Tuesday by Mrs. Richard M. Bissell, state director of government savings for Connecticut.

The statement also asserts that thrift, instead of hampering business, helps it. The statement of Mrs. Bissell is as follows:

"I want to make perfectly clear my belief that the most rigid adherence to thrift principles does not involve the curtailment of any legitimate business, but does rather establish business on a far more satisfactory basis.

"Business as well as individuals must adjust themselves in this country to the buying of essentials and the elimination of extravagance, but what is extravagant depends largely on the individual income.

"The buying of a good suit of clothes or a good dress that will in the end save money, as against cheap material, is not extravagance.

The going beyond this for style, finery, extra things which are not needed is extravagant. What expenditure of this kind is permissible in normal times has nothing to do with the case now. These are times when every patriotic American will do as much to bring down the high cost of living as a year ago he was doing to win the war.

The reduction of the proportion of demand to supply which alone is the means of accomplishing this result can only take place when every individual in this nation does his share. The sum total of this individual effort, if spread over our hundred mil-

### Health Conditions Good in North Stonington

There have been no cases of scarlet fever, measles, tuberculosis, typhoid fever or malaria in North Stonington during the past year, according to the annual report of Thurman P. Maine, M. D., health officer of the town.

However, there were 305 cases of influenza reported to him last fall. Dr. Maine's report is as follows:

From the standpoint of public health the occurrence of greatest interest during the year was the epidemic of influenza. The epidemic, as it affected this town, occurred in two outbreaks. The first began about the middle of September and lasted about one month, the second outbreak began about November 13th and lasted two months. Our first cases were reported little more than one week after the first case was reported among the civilian inhabitants of New London.

The starting point of the epidemic in Connecticut. This town was affected early and severely, nearly 300 cases occurred in both outbreaks—about 28 per cent of our population. Schools were closed and all public gatherings avoided as much as possible. Probably, however, no precautions taken here or in any other town greatly decreased the severity of the epidemic.

One case of diphtheria occurred in January—the infection coming directly from Pawcatuck.

There have been no cases of scarlet fever or measles and no new cases of tuberculosis have been reported.

No case of typhoid fever or malaria has been reported during the past four years.

Few nuisances were reported. All were corrected promptly.

The school buildings have been inspected as required. The general conditions improve each year. Particular improvement has been made in the buildings—four fly-proof vaults have been constructed on plans furnished by the state health department. Other improvements will be made as circumstances permit.

### DAUGHTERS OF ISABELLA MAY ORGANIZE HERE

Friday evening at 8 o'clock in Knights of Columbus' hall, Norwich, there is to be a gathering of the Catholic women of Norwich for the purpose of listening to the explanation of the object and aims of the organization known as the Daughters of Isabella, auxiliary of the Knights of Columbus, as given by the state officers of that order. The Knights of Columbus are furnishing the hall for the meeting and are much interested in its outcome.

Those who will be here to talk of the order are the state president, Mrs. M. W. Hullivann of Thompsonville, Mrs. J. J. Caray of New Haven, Mrs. Mary A. Cline of New London and Miss Charlotte Holyneux Holloway of Hartford.

Where the order is flourishing it has done exceedingly good work in the line of social, literary and church endeavor.

### AUXILIARY MEETING HELD AT CHRIST CHURCH TUESDAY

In spite of the rain, Tuesday afternoon, a good number attended the meeting of the Woman's Auxiliary to the Board of Missions, held in the Sunday school room of Christ church. The president of the local branch, Mrs. Beverly Blyven, is out of town.

### County Legislators Who Signed Petition

Sixty-nine per cent. of the state senators and 60 per cent. of the representatives signed the petition for a special session of the general assembly at Hartford to consider ratification of the federal woman suffrage amendment. Sixty-one per cent. of the members of the general assembly signed the petition. Members from New London, Windham and Tolland counties who signed the petition follow:

**New London County.** Republicans—Colchester, Samuel Gellert, William K. Raymond; Franklin, Herman A. Gager; Groton, Irvin E. Crouch; Lebanon, Karl P. Bishop; Montville, Edwin F. Comstock; North Stonington, Malcolm E. Thompson; Preston, John P. Hollowell; Stonington, Nathan P. Noyes and Frederick Boulter.

Democrats—Bozrah, John J. Sweetney; Griswold, William M. McNeil; New London, William A. Holt and

George Goss; Norwich, Patrick T. Connell and Joseph F. Williams; Preston, Beriah E. Burdick; Salem, James Lane, Sprague, Raymond J. Jordan; Waterford, John C. Geary.

Summary, 67 per cent. of the legislators in New London county.

**Windham County.** Republicans—Brooklyn, Vine R. Franklin; Canterbury, Edward Baker and Arthur C. Bennett; Chaplin, Ellsworth M. Russell; Eastford, Charles W. Clark; Killingly, Cosmer A. Young; Putnam, Ernest E. Kent and Adeline A. Brodour; Thompson, Thomas Ryan and Claus A. Hagstrom; Windham, Alphonse Chagnon; Woodstock, Albert N. Hammond.

Democrats—Plainfield, Leon W. Merrier; Scotland, Everett E. Kimball. Summary, 58 per cent. of legislators in Windham county.

**Tolland County.** Republicans—Hebron, Clarence P. Rathbun; Mansfield, Albert E. James; Union, Levi M. Reed. Democrats—Andover, Edwin H. Cook; Stafford, Michael O'Halloran and William H. Bumstead; Tolland, Nathan O. Ward. Summary, 33 per cent. of legislators of Tolland county.

## WOMEN EVERYWHERE

Praise Lydia E. Pinkham's Vegetable Compound as the Greatest Remedy for Woman's Ills.

New Haven, Conn.—"For two years I suffered with a female weakness, pains in my back and painful periods, and I was so weak and tired that I was not able to do my work. A friend told me to use Lydia E. Pinkham's Vegetable Compound and it gave me such relief. My pains left me and I am now able to do my work and feel fine. You can publish my testimonial and if your Vegetable Compound does others as much good as it has me I will be very much pleased."

Mrs. CHARLES E. MORGAN, 37 Sea Street, New Haven, Conn.

The reason Lydia E. Pinkham's Vegetable Compound is so successful is because it contains the curative, strengthening properties of good old-fashioned roots and herbs, which act directly on the female organism.

There are women everywhere who long for children in their homes yet are denied this happiness on account of some functional disorder which in most cases would readily yield to Lydia E. Pinkham's Vegetable Compound.

Such women should not give up hope until they have given this wonderful medicine a trial, and for special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of 40 years' experience is at your service.

## Honest Advertising.

THIS is a topic we all hear now-a-days because so many people are inclined to exaggerate. Yet has any physician told you that we claimed unreasonable remedial properties for Fletcher's Castoria? Just ask them. We won't answer it ourselves, we know what the answer will be.

That it has all the virtues to-day that was claimed for it in its early days is to be found in its increased use, the recommendation by prominent physicians, and our assurance that its standard will be maintained.

Imitations are to be found in some stores and only because of the Castoria that Mr. Fletcher created. But it is not the genuine Castoria that Mr. Fletcher honestly advertised, honestly placed before the public and from which he honestly expects to receive his reward.

## Children Cry For Fletcher's CASTORIA

### Special Care of Baby.

That Baby should have a bed of its own all are agreed. Yet it is more reasonable for an infant to sleep with grown-ups than to use a man's medicine in an attempt to regulate the delicate organism of that same infant. Either practice is to be shunned. Neither would be tolerated by specialists in children's diseases.

Your Physician will tell you that Baby's medicine must be prepared with even greater care than Baby's food.

A Baby's stomach when in good health is too often disarranged by improper food. Could you for a moment, then, think of giving to your ailing child anything but a medicine especially prepared for Infants and Children? Don't be deceived.

Make a mental note of this—It is important, Mothers, that you should remember that to function well, the digestive organs of your Baby must receive special care. No Baby is so abnormal that the desired results may be had from the use of medicines primarily prepared for grown-ups.
